ISO 9000 Surveillance Audit to focus on six elements Feb. 6-8

A National Quality Assurance ISO 9000 Surveillance Audit of Marshall will be held Feb 6-8. This audit will focus on six specific ISO elements — management responsibility, quality system, corrective and preventative action, control of quality records, internal quality audits and design control. Everyone should visit the ISO Web site and review "Audit Preparation Questions & Answers."

Use Just-In-Time desktop system to order supplies

Office supplies are now ordered via the new Just-In-Time Desktop Administrative Supply System. The Web-based ordering system allows approved representatives to electronically order supplies. Ordering office supplies through the NASA On-Line Supply Catalog is no longer available. For more information, call 544-0363.
